

Bothenhampton & Walditch

Parish Council since 1886

Mr M Conlon
Business Services Administrator
Brunel House
930 Hempton Court
Aztec West
Bristol

Via email.

8th September 2020

Dear Mr Conlon

RE: A35/SEA ROAD SOUTH, BRIDPORT, DORSET DT6

The Parish Council is pleased that the initial stage of the route study has been completed and pleased that a new signalised pedestrian crossing on Sea Road South has been recommended.

We note from your letter however, that a feasibility study is still to be completed at the end of March 2021 and then a business case will need to be created and approved.

Assuming that the feasibility study is completed by the end of March 2021 and a business case will take another couple of months to create and receive approval, can we assume a work start date of Summer 2021?

When the works are scheduled, please notify us.

Yours sincerely,

Chairman – Traffic, Transport and Footpaths Sub-Committee
