Dear Glenda

RE: RESIGNATION AS COUNCILLOR

I was sorry to receive your resignation letter on Thursday. I know you have become unhappy about our method of working, and it is probably for the best that you redirect your energies to other activities. Our work was distorted by the COVID crisis, and virtual meetings made it less congenial for people who prefer face-to-face debate.

Thank you for the time you did make available to serve the local area as a Councillor, and we wish you good health and good luck in pursuing your interests.

Yours sincerely,

A J Basker
