

Bothenhampton & Walditch

Parish Council since 1886

Mr D Carey
Community Highways Officer
Dorset Council

By email

8th September 2020

Dear David

RE: BURTON ROAD, BOTHENHAMPTON

I refer to previous letters regarding this matter and to your subsequent conversation with the Clerk, Tan Cox.

The parish council has received a response from Mr Hufton of West View, Burton Road who has said that the vegetation outside his, and his neighbours' properties is on the verge and outside of their perimeter fencing and he asserts that the cutting back that you suggested in your email to Tan Cox should in fact be done by Dorset Council.

Mr Hufton clarified that the main problem is not the visibility of cars on the highway but the speed that they are doing.

For clarification purposes we are referring to the junction with Station Road which leads to West Bay. We think the suggestion of 'Slow' signs around the Station Road junction is excellent and may obviate a more expensive exercise. Can you please arrange this?

Please accept our apologies if this issue should be addressed to a different officer instead of yourself, and if this is the case, perhaps you could let me know.

Yours sincerely,

Chair – Traffic, Transport and Footpaths
